

You've never seen happiness until
you've seen a mother's face when their
child comes home.

THIS IS OUR MISSION

"The Unlost" is a non-profit organization **dedicated to locating missing persons** and returning them **home safely**. We fund a network of talented private contractors who understand the pain of being missed, being missing, and loving someone who is missing. **We are committed** to the health and well-being of our community, and **we will not stop** until each one of the missing are found.

**WE CANNOT DO WHAT WE DO
WITHOUT YOU!**

Every 40 seconds that we wait...
another child goes missing.

The Unlost works with **investigators and contractors** nationwide to directly combat the **missing persons epidemic**. Thanks to our dedicated sponsors, we provide **funding and infrastructure** to empower our agents **on the frontlines** of this effort.

Visit our website and contact us
for more information on how
you can be a part of our
vital work.
